

# Academic Liaison Meeting

03/23/2022 at 8:30 AM CT

---

## Announcements and Updates from OAI

- Email [aihelp@tamu.edu](mailto:aihelp@tamu.edu) for all inquiries or through the Academic Liaisons Teams channel.
- If there are any staffing changes for Academic Liaisons, please inform us so we can update accounts as needed.

## Summer and Fall Shells

- We are aiming to release Summer and Fall 2022 shells separately this round as we navigate the considerations of the MGT report.
  - Summer shells - expected early – mid April 2022
  - Fall shells - TBD
- We can create DEV courses outside of the existing policy to address these courses.

## Third-Party Tool Requests for AY 2022 - 2023

- Received requests for 17 tools.
- Updated status page
  - <https://lms.tamu.edu/Menu/Teaching-Tools/Third-Party-Tool-Status>
- Next steps:
  - Security, accessibility, and procurement
    - New addition: TX-RAMP
  - Commitment to Fund memo (if applicable)
- If you did not submit a vendor name to us, we will reach out to the Academic Liaison to initiate a connection with the vendor.

## Mastery Paths

- Timeline:
  - Testing: March 28 – May 20
  - Pre-pilot: Summer 2022
- Request: Volunteers for testing?
- <https://community.canvaslms.com/t5/Instructor-Guide/How-do-I-use-MasteryPaths-in-course-modules/ta-p/906>

## Action Items

### Questions for LMS Implementation Teams

- QM or other metrics for measuring quality in courses
- Remote courses and proctoring tools – ***SURVEY COMING SOON***

## Upcoming Meetings – April 6, 2022, at 8:30 AM CT

## Discussion

### Fall Terms

Medicine How will half term courses start in July but considered Fall courses? Professors like to have information prior to the start date. In this case, ready mid-June.

AI: Will check with the developers on what they're expecting, possibly May. In the hands of the Registrar but we will try to get a firm date.

COALS: So, they won't be SO different that creating them in a DEV course will require a lot of changes?

AI: This change is specific to the subaccount structure, so we make sure we don't break any folders. Template is not changing dramatically.

### Third-Party Tool Requests

Liberal Arts: If we already have VPAT, HECVAT, and other needed documents, is there a place we can submit this?

AI: It would be helpful to email to [academicinnovation@tamu.edu](mailto:academicinnovation@tamu.edu)

### **ExamSoft**

Dentistry: Students past 100 enrollment rosters seem to have been removed/cut off.

There seems to be a limit/cap for student enrollment. Occurred last night. "V" and "W" (alphabetically) affected.

Vet Med: We haven't had any issues with that. Just error messages with syncing.

Public Health: Had this issue as well, seemed to be last names starting with "F". Was able to get it fixed.

### **Canvas Issue**

Pharmacy: Canvas is using old email addresses for students. Have been needing to work with students individually to fix the emails. Seems to be for students who were undergrads years ago.

AI: emails are automatically synced from Banner and the SIS. It is an issue we ran into with LTIs because they're adding non-TAMU emails. A lot of tool licenses are TAMU email specific. If needing to change, you can add an additional email, but TAMU is required to be linked. Please submit a ticket so we can have Admins look at it.
